

Prevent critical electrical devices from high danger of loss when lightning occurs in single phase and three phase systems

**Surge Protector Device (SPD)
DFL-D / DFL-S Series
Single Phase / Three Phase
15 - 100 KA**

Features & Benefits

- High rated discharge capacity
- Fast response time: ≤ 25 ns
- Easy installation
- LED display: Indicates operation status
- Repeat useable: Can repeat normally work after frequent lightning
- Maintenance-free: Satisfy the demand of remote unmanned operated station
- Long life: Operation life up to 20 years

Applications

- Sensitive electronic equipment
- Data center
- Telecom center
- UPS room
- Intelligent mansion
- Medical institute

Models & Specifications

Model	Working Voltage	Rated Surge Current	Max Surge Current	Size(mm)	Weight
DFL1-D	220V	40KA	80KA	280X160X70	3kg
DFL2-D	220V	20KA	40KA	250X150X55	1.8kg
DFL3-D	220V	15KA	25KA	200X110X40	1.2kg
DFL1-S	380V	40KA	80KA	350X240X95	8kg
DFL2-S	380V	20KA	40KA	250X160X85	4kg
DFL3-S	380V	15KA	25KA	225X130X80	3kg
